

Bug ID	BUG-002
Date	06-Sep-22
Created by	Mihajlo Stojanovski
Assigned to	John Smith (developer)
Test case ID	LINKS - TC1
Found in Version	1.0.0.1
Priority (Critical, High, Medium, Low)	Medium
Title	Registration form: Missing Zip Codes from Bosnia and Herzegovina
Environment	OS Windows/MacOS/Linux/Android/iOS
Preconditions	None
Description	<p>In accordance to the Zip Codes document for Bosnia and Herzegovina , there are zip codes missing from the range 70000-70209. Therefore users living in these regions cannot register on the site. https://postal-codes.cybo.com/bosnia-and-herzegovina/federation-of-bosnia-and-herzegovina/</p>
Sprint	Current sprint
Attachment	
Steps to reproduce	
1	Go to the website https://www.links.hr/hr/register
2	Fill in all of the fields prior to Zip Code
3	Enter Jajce zip code (70101)

4	Check the City field
5	Check the country
Actual results:	After entering the Jajce postcodes (70000-70209), nothing appears in the fields.
Expected results:	Entering Jajce post codes will automatically populate the fields with the correct information
