

Bug ID	BUG-005
Date	06-Sep-22
Created by	Mihajlo Stojanovski
Assigned to	John Smith (developer)
Test case ID	LINKS-TC2
Found in Version	1.0.0.1
Priority (Critical, High, Medium, Low)	Medium
Title	Registration Company form: Invalid company fields titles and behaviour
Environment	OS Windows/MacOS/Linux/Android/iOS
Preconditions	None
Description	When a company user would like to register on the site, they are prompted with badly formatted field titles, and incorrect field behaviour.
Sprint	Current sprint
Attachment	/
Steps to reproduce	
1	Go to the website https://www.links.hr/hr/register
2	Select the "I want to register as a legal entity"
3	Check field titles if they are formatted correctly

4	Enter information for Company name, OIB, Company email, Company telephone, Company zip code.
5	Fill in the rest of the fields
6	Click on register
Actual results:	<p>There are several issues</p> <ul style="list-style-type: none"> - Company field is not mandatory - OIB Field only checks the number of numbers entered, it doesn't do a calculation for the validity of the OIB - Company telephone format is not checked - Company ZIP code is missing for Jajce, Bosnia and Herzegovina - Issues with the rest of the fields are mentioned in BUG-002 and BUG-004
Expected results:	<p>Company field is mandatory. OIB number is checked for validitiy. Phone number is checked for formatting. Zip codes are updated. Issues resolved with BUG-002 and BUG-004</p>
